HARP OR GUINNESS? CAN'T DECIDE?

MIX UP A DISTINCTLY IRISH 'BLACK AND TAN'

- Gently pour a half-bottle of a Harp Lager into a tall glass.
- Place a large tablespoon, dome side up, an inch above the lager beer.
- Slowly pour half a Guinness Stout over the tablespoon, so it gently pours down the side of the glass.
- Allow to stand a few seconds until two layers of beer form.
